

One Vision Friday 21st December 2018

We are meeting as Northern Schools Trust for the eighth time on 21st December 2018 in order to continue to work towards our collective goal: establishing world class schools that are centres of excellence for personal development, leadership, and teaching and learning. As our collective work focus is on providing exceptional, life changing opportunities for our students, we must continue to challenge and develop our own practice. The focus of this One Vision day for our classroom-based staff is our trust-wide focus on the principles of teaching and learning, and the sharing of all of your good and outstanding practice. For staff outside of the classroom, you will have the opportunity to further reinforce the solid foundation you provide upon which our students and classroom-based staff depend so heavily. We hope you all have an informative, enjoyable day and that you enjoy your Christmas break.
